

MESO₂HYDRA+

Oxygenating Moisturiser

Youth revive essence

DERMEDICS™ MESO₂HYDRA+ is the newest generation serum designed for targeted innovative anti-aging treatments by activating skin regeneration processes essential to maintain its youthful appearance. Recommended for skin of all ages.

Overview

- Daily skin care of face and body
- Unisex: for women and men, for skin of all types
- Skin with very deep dehydration
- Skin trauma caused by overdose of sunbathing
- Skin with grey colour
- Sagging skin (lack of skin elasticity and visible wrinkles)
- Sensitive and fragile skin
- Dull skin with grey colour (smokers' skin)
- Deep ionisation and remineralisation of skin

Effects

- Revives the skin cells by providing life-sustaining oxygen
- Deeply hydrates and oxygenates dermis and epidermis
- Brings instant relief to the skin burnt by sun or solarium
- Reduces skin trauma post-sun exposure
- Reduces discomfort of overdried skin (roughness, itching)
- Restores the mineral and ionic balance of the skin
- Provides vitamins and ions to the skin and cells
- Improves skin hydration from the inside out
- Activates skin's self-healing mechanisms against UV, pollutions and allergies (supports immune system of the skin)
- Reduces deep wrinkles and symptoms of photo-aging and sagging skin
- Rejuvenates the skin and improves skin tone
- Restores skin firming and elasticity
- Provides anti-oxidant efficacy
- Gives instant and long-lasting effects!
